ROOSEVELT URGES REMEDY FOR EVILS

Which Have Been Disclosed In Beef Scandal.

SPECIAL REPORT TO CONGRESS

Tuberculosis Germs Mingle With Filth, Dirt and Grime and Grease from the Floors Are Made Into Product Labeled "Government Inspected."

To the senate and house of representatives: I transmit herewith the report of Mr. James Bronson Reynolds and Commissioner Charles P. Neill, the special committee whom I appointed to investigate into the conditions in the stock yards of Chicago and report thereon to me. This report is of a preliminary nature. I submit it to you now because it shows the urgent need of immediate action by the congress in the direction of providing a drastic and thorough going inspection by the federal government for all stock yards and packing houses, and of their products so far as the latter enter into interstate or foreign commerce. The conditions shown by even this short inspection to exist in the Chicago stock yards are revolting. It is imperatively necessary in the interest of decency that they should be radically changed. Under the existing law it is wholly impossible to secure satisfactory results. When my attention was first directed to this matter, an investigation was made under the bureau of animal industry of the department of agriculture. When the preliminary statements of this investigation were brought to my attention they showed such defects in the law and such wholly unexpected conditions, that I deemed it best to have a further immediate investigation by men not connected with the bureau, and, accordingly, appointed Messrs. Reynolds and Neill. It was impossible under the existing law that satisfactory work should be done by the bureau of animal industry. I am now, however, examining the way in which the work actually was done. Before I had received the report of Messrs. Reynolds and Neill, I had directed that labels placed upon any package of meat food products should state only that the carcass of the animal from which the meat was taken had been inspected at the time of slaughter. If inspection of meat food products at all stages of preparation is not secured, by the passage of legislation recommended, I shall feel compelled to order that inspection labels and certificates on canned products shall not be used hereafter. The report shows that the stock yards and packing houses are not kept even reasonably clean and that the method of handling and preparing food products is uncleanly and dangerous to health. Under existing law the national government has no power to enforce inspection of the many forms of prepared meat food products that are daily going from the packing houses into interstate commerce. Owing to an inadequate appropriation the department of agriculture is not even able to place inspectors in all establishments dealing them. The present law prohibits the shipment of uninspected meat to foreign countries, but there is no provision forbidding the shipment of uninspected meats in interstate commerce, and thus the avenues of interstate commerce are left open to traffic in diseased or spoiled meats. If, as has been alleged on seemingly good authority, further evils exist such as the improper use of chemicals and dyes, the government is power to remedy them. A law [illegible] will enable the Inspection of the general government to [illegible] from the beef [illegible] of the meat fo[illegible] The evil seems to be not [illegible] sale of diseased carcass [illegible] of canned and [illegible] products. In my judg[illegible] of the inspection [illegible] be decided on each [illegible] If this is not done [illegible] purpose of the law can [illegible] be defeated through an appropriation; and where [illegible] is no particular public interest involved, it would not only be [illegible] but natural to make the appropriation insufficient. If it were not for this consideration, I should favor the government paying for it. The alarm expressed in certain quarters concerning this feature should be allayed by a realization of the fact that in no case, under such a law, will the cost of inspection exceed eight cents per head.

I call special attention to the fact that this report is preliminary, and that the investigation is still unfinished. It is not yet possible to report on the alleged abuses the use of deleterious chemical compounds in connection with canning and preserving meat products, nor on the alleged doctoring in this fashion of tainted meat and of products returned to the packers as having grown unsaleable or unusable from age or from other reasons. Grave allegations are made in reference to abuses of this nature.

Let me repeat that under the present law there practically is no method of stopping these abuses if they should be discovered to exist. Legislation is needed in order to prevent the possibility of all abuses in the future. If no legislation is passed, then the excellent results accomplished by the work of this special committee will endure only so long as the memory of the committee's work is fresh and recrudescence of the abuses is absolutely certain. I urge the immediate enactment into law of provisions which will enable the department of agriculture adequately to inspect the meat and meat food products entering into interstate commerce and to supervise the methods of preparing the same and to prescribe the sanitary conditions under which the work shall be performed. I, therefore, commend to your favorable consideration and urge the enactment of substantially the provisions known as Senate Amendment No. 29, to the Act making appropriations for the department of agriculture for the fiscal year ending June 30, 1907, as passed by the senate, this amendment being commonly known as the Beveridge amendment. Theodore Roosevelt.

SLAIN BY A LITTLE NEGRO.

White Woman Is Stabbed to Death at Little Rock, Ark.

Little Rock, Ark., June 6.—Will Gay, a 15-year-old negro boy, who had been employed as porter at the Drummets hotel, has confessed to the murder of Mrs. Charlotte Leetham, proprietress of the hotel, by whom Gay had been employed for the past eight years.

Gay reported the murder to the police but told a seemingly straightforward story to them at the coroner's inquest, and was not then arrested. When arrested later he made a complete confession in which he acknowledged that he had stabbed Mrs. Leetham to death. Gay said that the motive for the murder was robbery.

Mrs. Leetham made a desperate fight for her life. When her body was found this morning it was lying on the floor of her room with several deep knife wounds in her breast.

Fearing that an attempt would be made to lynch Gay, the authorities removed him to some unknown point outside this county.

Music Plays Important Part.

Washington, June 6.—Music is playing an important part in the digging of the Panama canal. Laborers from the West Indies are accustomed to sing as they work and bosses who are capable of leading a chorus have much greater success than men who don't have that faculty. Reports the commission has received from officials on the canal zone indicate that one boss has developed songs which have inspired contentment and energy among his men with the result that he has outdistanced all rivals in the amount of work accomplished. "Dixie-men, boys," are the words for which this music should have provided music that delights the Jamaican heart. Other bosses are using the tradition of "Yo, Heave, Ho!"

K. of C. Convention Opened.

New Haven, Conn., June 6.—Following the celebration of a pontifical high mass at St. Johns church presided over by Cardinal Gibbons on Tuesday the national convention of the Knights of Columbus assembled at the supreme headquarters. The convention was opened by Supreme Knight Edward L. Hearn, of this city.

ROTTEN MEAT IS WORSE THAN BULLETS

So Declares General Nelson A. Miles.

DISCLOSURES NO NEWS TO HIM

Says that Fully Three Thousand U. S. Soldier Lost Their Lives Because of Adulterated, Impure, Poisonous Meat.

Kansas City, Mo., June 6.—General Nelson A. Miles, on his way to Colorado, Monday night, said:

"The disclosures about the packing house products now being exploited are no news to me. I knew it several years ago. I told what I knew then. Had the matter been looked up at that time, thousands of lives would have been saved.

"I believe that 3,000 United States soldiers lost their lives because of adulterated, impure, poisonous meat. There is no way of estimating the number of soldiers whose health was ruined by eating impure food.

"I have a barrel of testimony on the subject in the way of affidavits which I collected when I made my investigation, seven years ago. The investigating committee refused to hear 2,000 witnesses whom I had ready. At that time I could have secured the testimony of hundreds men that the canned beef sold to the army was impure, adulterated and unwholesome.

"In my investigation of 'embalmed beef' during the Spanish American war I found poisons were used to preserve meat. I ordered an investigation, and I learned from the reports brought to me that canned meats had been sold to the army that had been for months in the warehouses of the Baltimore and Ohio railroad and at the docks in Liverpool.

"This meat had been relabeled and sent to the United States for sale to soldiers. I turned the reports over to the war department and a whitewashing investigation was instituted and successfully carried out. The official report was that a colossal error had been made. As a matter of fact, it was a colossal fraud and the persons who perpetrated it and were interested in it should have been sent to the penitentiary."

Missouri Democrats Meet.

Jefferson City, Mo., June 6.—The Democratic state convention met here Tuesday for the nomination of a state superintendent of schools and a railroad and warehouse commissioner. Early this morning charges began to circulate that bribery had been attempted to influence delegates. It was openly charged that an attempt had been made to buy four delegates, the sum of $250 being offered for each vote.

$200,000 Fire Loss.

New York, June 6.—A second fire within a space of two weeks Tuesday destroyed two more warehouses of the American Cotton Dock company at Tompkinsville, Staten Island, and caused a loss estimated between $150,000 and $200,000. The buildings were partly filled with manila hemp. The origin of the fires is unknown.

Edward Baring Gould Dead.

Cape Town, Cape Colony, June 6.—Edward S. Baring-Gould, a cousin of Rev. Sabine Baring-Gould, the novelist, died on board the steamer Norman dy at Port Elizabeth Monday. A confusion of names led to the cabling Monday night as to the death of the author. The latter is in London and in good health.

Found Dead Beneath Horse.

Crowley, La., June 6.—Aurelien Cormier, a farmer, was found dead under his horse on the Marine Bridge road. It is believed that while trying to untangle the harness the animal fell on him and crushed him to death. When found the animal was hopelessly entangled.

Earthquake Shock at Frisco.

San Francisco, June 6.—An earthquake shock was felt here at 11:26 o'clock Monday night. It caused great alarm, but did no damage.

ANDREW DICKINSON DEAD.

Was One of Commanding Officers Who Captured U. S. War Vessel.

New York, June 6.—Colonel Andrew Dickinson died Monday at his home here. Mr. Dickinson was born in Bowling Green, Caroline county, Virginia, April 15, 1833. At the age of 19 years he went to the southwest, where he began a commercial career, remaining until the outbreak of the civil war. During the war he held the place of chief of staff in the confederate army under General J. B. Magruder. He was one of the commanding officers of the assaulting party which captured the United States war steamer Lane.

Toward the end of the war he commanded the Rio of the Rio Grande, which he was called upon to organize. The cotton tunnel, which supplied Texas and the trans-Mississippi with supplies.

When the war closed, Colonel Dickinson came to New York and engaged himself with the New York Life Insurance company. He married Miss Sue Marshall, daughter of Colonel Nicholas D. Coleman, of Vicksburg, Miss., and the niece of Chief Justice Marshall.

Fatal Balloon Voyage.

New York, June 6.—A cable dispatch from Milan to the Herald says: Captain Nazari, Signor Minoletti and Signor Usulla made a balloon ascension on Saturday evening with the intention of crossing the Alps. Their balloon was carried over the Apennines and dropped into the Adriatic several miles from Ancona. Usulla, clinging to the ropes, was buffeted by the waves for four hours. He was finally saved by a torpedo boat. Captain Nzari and Minoletti were drowned. Minoletti was well known and was wealthy. Usulla is also wealthy. He once distinguished himself by crossing the Andes. He says that the voyage was a terrible one from the start and all the occupants of the balloon anticipated death. The precipitous fall into the sea was the last thing he remembered.

Negro Girl Takes Her Life.

Meridian, Miss., June 6.—Because her face had been badly marred by ugly scars inflicted for an infraction of rules and the reprimand to a penalty in court in her confession of the alleged assault, Mary Wyatt, a negro girl, committed suicide by drinking a small bottle of laudanum. Suicide among the negroes is a rare thing, and this is the first case of a negro woman taking her own life on record in this section.

Tide of Travel Across Atlantic.

Washington, June 6.—The tide of travel is setting across the Atlantic ocean with unprecedented strength, according to the number of passports issued by the state department. There were issued passports aggregating 1,581 in February, March, 1,618, April, 2,299, and May, 1,928. These figures show that the applications for passports have been running about 200 per month more than the average of the past years.

Chinaman Won Second Prize.

New York, June 6.—Joe Tung Lee, a Chinaman, surprised the New York university Monday afternoon by winning the second prize in the Randall oratorical contest. Lee's subject was "The Mission of the Chinese." The first prize of $75 was won by Arthur Henry Limouze, of Jersey, N. J. Lee is a member of the junior class and prepared at Dwight school which he entered directly from his native city of Canton.

250 Refugees Sail for China.

San Francisco, June 6.—Nearly 250 refugee Chinese will be sent home at the expense of the Chinese government on the steamer Hong Kong which sailed Tuesday for the Orient. The Chinese left nearly in the first and second [illegible] immediate prospect of their [illegible] permanently located in this city, they expressed a desire to return to their native land.

Two Are Killed By Lightning.

Columbia, S. C., June 6.—Newman Y. Manley, a confederate soldier, and his son, Jodie Manley, 19 years old, were killed, and a grandson was perhaps fatally injured by lightning at Poplar Springs, Lexington county.

MILITIA CONTROLS TOWN OF CANANEA

Outbreak Was of Revolutionaey Character.

TROOPS CONTROL SITUATION

A Circular Addressed to Mexican Workmen Discovered Which Shows that Outbreak Was of Revolutionary Character.

Bisbee, Ariz., June 6.—A telephone message was received here Monday night from Cananea to the effect that the town is still under control of the Mexican military authorities.

Mexican troops and rurales have continued to arrive until General Torres and Colonel Izquierdo now have sufficient force to control any outbreak that might occur. So far there has been no disposition shown on the part of the Mexican miners to return to work, and the smelting plant of the Cananea Consolidated Copper company and the mines are working short handed.

The banks and stores were opened for business after remaining closed since Friday.

That the outbreak of Friday was of a revolutionary character was proven by the discovery of the following circular, copies of which had been distributed among the Mexican miners:

"Mexican Workmen: A government is elected by the people to guide them and satisfy their necessities in all requirements. This Mexico does not possess. On the other hand, a government exists which is composed of ambitious persons, who criminally contemplate capitalizing the people, being elected by the worst of them in order that they might assist them in enriching themselves. This, Mexico does not need. That the people elect honorable officers to govern them, not to robbingly them, is what the republic should be. People, arouse yourselves and duly learn that which you seem to have forgotten. Congregate and discuss your rights. Demand the respect that is due you. Every Mexican whom the foreigners despise is worth just as much or more than those foreigners. If he will join with his brothers and assert his rights. Curse the thought that a Mexican is worth less than a yankee, that a negro or a Chinaman is to be compared with a Mexican, that this is a fact. It is a result of a very bad government which gives the advantages to the adventurers rather than to the true owners of this unfortunate land. Mexicans awake! The country and our dignity demands it!"

Killed by an Explosion.

New York, June 6.—An explosion, said to have been caused of vitriol, wrecked a freight car which had taken fire in the Pennsylvania railroad yard Monday, and Charles Gordon, a freight clerk, was beheaded by missiles from the explosion which crashed in the side of the house in which he was standing. Another missile grazed the head of Captain Roger Boyle of the fire department.

Quiet Reigns at Mines.

Steubenville, O., June 6.—Quiet reigned Tuesday at Plum Run, and throughout the mines of subdistrict No. 1. The first detachment of militia numbering 100 men reached Dillonvale at 6 o'clock and marched at once to Bradley, the scene of Monday's conflict. On their way to the mines, the soldiers passed several groups of strikers, but the latter made no demonstration.

Think Suicide Was Belmont.

New Orleans, June 6.—The young man who committed suicide a few days ago by shooting himself before jumping into the Mississippi river, was partially identified as Ernest Hall Belmont, of New York, whose family reside at New Milford, Conn.

H. B. Kooser Promoted.

Denver, Colo., June 6.—It was announced Monday that H. B. Kooser, general agent of the Missouri Pacific at Denver, had been promoted to the position of general southwestern agent with headquarters at Dallas. The change takes effect July 1.

CAPT. STROBHAR TO FACE ACCUSERS

Wires Friend and Sheriff That He Will Return.

WILL REPORT TO SHERIFF

Evidently Not Afraid of His Ability to Refute Charge of Embezzlement. Has Not Lost His Nerve—No Power on Earth Can Prevent His Return.

The friends of Capt. J. N. Strobhar, former agent of the Atlantic Coast Line here, against whom the recent special grand jury returned two true bills for embezzlement of funds from that road, were gratified yesterday at the information that he would come to Gainesville at once and face the charge. His enemies were equally astounded and said they would believe he was coming when they saw him here. But this will not be the first time he has disappointed the latter by voluntarily surrendering.

A friend yesterday received the following telegram from Capt. Strobhar, dated New York, June 6th:

"I have just wired Sheriff Fennell that I will report at his office as soon as I can get there. No power on earth can keep me from meeting, face to face, the unjust charges.

"J. N. STROBHAR."

The history of this case is too well known to be reviewed. Suffice to say that the grand jury at the regular term of court returned no bill against the defendant, and after that grand jury was discharged a member thereof reported to Judge Wills that an attempt had been made to bribe him. A few days after adjournment of the regular term of court Judge Wills called a special term, empanelled a new grand jury, and the same found two true bills against Strobhar and two against other parties for attempt to bribe a grand juror.

HIGH SPRINGS NOTES.

McCall-Brown Nuptials—Other Items of Interest From That Town.

High Springs, June 6.—The marriage of Mr. Grover W. McCall and Miss Olympia E. Brown, both of High Springs, took place Sunday, June 3rd, at the residence of Mr. and Mrs. H. C. Stevens, brother and sister of the bride. Rev. C. M. Gordon, Presbyterian evangelist, performed the ceremony in a very impressive manner, bringing out the solemnity and beauty of the occasion. The wedding was a quiet one on account of a recent bereavement in the family of the bride. The out-of-town guests were Misses Alice and Leila Cato of Alachua, Miss Ethel Underwood of Jacksonville, Luther McCall of Jasper, brother of the groom, and Arthur Brown of Fort Pierce, brother of the bride. There was present also Mrs. A. L. Sewell of Jacksonville, sister of the bride. These young people have the best wishes of a large circle of friends for their future welfare and happiness. May they climb the hills of life with brave hearts, enjoy the good of life with happy hearts, and finally go down into the sunset of life with clasped hands and full hearts.

Mrs. E. K. Anderson has gone to Port Royal, Pa., to spend the summer with her father, Wm. Laird. Her many friends will miss her and her two bright little children.

Mrs. Wm. Norvelle of Lakeland has made a week's visit to High Springs, and was fondly greeted by her many friends.

Mrs. Maidie Cloud has gone to Lakeland in response to a professional call.

Misses Daisy Webb and Abbie Barre, two of High Springs' charming girls, have returned from Sutherland, where they have been attending the college term just closed.

Rebels Are Defeated by Government.

Washington, June 6.—The Guatemalan minister here has received a cablegram from the minister of foreign affairs, Mr. Barrios, stating that the revolutionary movement across the Salvadorian boundary had met with defeat. According to the cablegram, the Guatemalan troops met the revolutionary party at Asuncion Mita, and defeated them completely. The government forces, the cablegram says, have been triumphant all along the line and have not met the slightest reverses anywhere. A cablegram has been received at the state department from Mr. Combes, minister at Guatemala City, stating that another band of revolutionists has entered Guatemala from Salvador.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

Tailors to Strike.

New York, June 6.—Twenty thousand tailors on the East Side are preparing for a general strike for a uniform wage scale and a shorter work day. A meeting was called Monday under the auspices of the Brotherhood of Tailors, to be held Saturday to hear reports from the various shops. About 800 tailors have gone on strike on their own initiative in the shops of Heller, Rothschild & Langdon.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild and pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

San Francisco, June 6.—For the information of President E. H. Harriman and Traffic Director J. C. Stubbs, of the Southern Pacific, general passenger agent, James Horsburgh, Jr., and passenger agent, Paul Shoup, have had a census taken of the persons taken in the camps of this city. It shows that on June 1st, 13,888 persons were in the permanent camps and 29,533 in the temporary camps. It also shows that on June 1st rations were supplied to 41,236 persons and free meat tickets given to 9,169 persons.

Wants Both Conventions.

Denver, June 6.—A movement was launched Monday at a meeting of the Denver Convention League to bring both of the great national conventions to this city two years hence. It was agreed that in the near future Judge John I. Mullins, Democratic committeeman for Colorado, and Hon. H. M. Stevens, Republican committeeman for this state, will be officially notified of the invitation of the league and both will be asked to use every effort to bring the conventions here.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Sensations Are Looked For.

Tallulah, La., June 6.—The grand jury did not make any report on the lynching of Robert Rogers because it was a legal holiday, but one indictment and probably three will be presented to Judge Ransdell in a short while. The police have offered a reward of $1,000 for the arrest and conviction of five members of the mob and adopted resolutions denouncing the lynching. Sentiment is divided and sensations are looked for.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy has made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin disease to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid, and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

Furman Smith of Alachua spent yesterday with friends in this city. He was en route home from Stetson University, DeLand, where he graduated a few days ago from the law department. Mr. Smith is a deserving young man, very ambitious, and his friends wish him much success in his chosen profession.

Captain H. C. Parker, merchant and all-round progressive citizen of La-Crosse, was in the city on business Tuesday. Captain Parker was for many years a member of the school board from his district, and gave up the position to the objection of his friends. He is one of the most progressive and most prominent men of the North End.

Prof. J. H. Fulks, formerly principal of the University High School in this city but now residing in Arcadia, was greeting old friends here Tuesday. Prof. Fulks has been appointed a member of the faculty of the summer normal at Tallahassee, which convenes on the 11th inst. He is regarded as one of the most competent teachers in the State.

Mrs. S. W. LeGrande, who has been for the past two years conducting a millinery store at 102 West Main street S., has moved into larger quarters, 112 West Main street S., the store recently vacated by the Cash Grocery Company. The candy kitchen, which also occupied a part of the store, will occupy the stand vacated by Mrs. LeGrande.

Prof. J. A. Turner of Tampa passed through the city yesterday en route home from points in West Florida. Prof. Turner is proprietor of the largest music house in the South Florida metropolis, and is himself an excellent musician. He has generously tendered his services to various benefit entertainments throughout the State, one of which was in Gainesville a few weeks ago. He is a prominent Elk, which means that he must be a "good fellow."

Rev. S. B. Rogers, pastor of the First Baptist Church in this city, filled his regular monthly afternoon engagement at Fairbanks Sunday, preaching an interesting sermon to a good crowd. Mr. Rogers has recently been working hard, and, in connection with a severe cold which he contracted, the work has been difficult. He was unable to participate actively in the union meeting at the Methodist church Sunday evening on account of his voice. His friends trust that he will soon improve.

The Central City and Jacksonville baseball teams, colored, are arranging for another game, which will be played on the diamond here on the 11th inst., if proper arrangements can be made. The Central City team has won three games in a series of four with the Jacksonville team, but the latter is satisfied that there is "something wrong," and insists on a new trial. There evidently must be something wrong with the result as noted. Both teams will be strong, and an exciting contest is assured.

THOMPSON—GLASS.

Prominent Young Couple of High Springs United.

High Springs, June 6.—A quiet but beautiful wedding occurred this morning at 7:45 o'clock, at the home of Mr. and Mrs. G. W. Glass, when their charming daughter, Miss Louise Glass, was married to Mr. T. A. Thompson. Only a few friends were present. Rev. M. H. Outland, pastor of the Methodist church here, performed the ceremony.

Mr. Glass, father of the bride, is postmaster here. Mr. Thompson, the bridegroom, is the owner of a large body of phosphate land west of High Springs upon which he is now operating a mine.

The happy couple will leave on the 2 o'clock train for Jacksonville, where they will spend their honeymoon. They go with the best wishes of the entire city and surrounding country. Surely each will enhance the pleasure and usefulness of the other. Life will be brightened and its joys and responsibilities sweetened by the union of this estimable young couple.

Unknown Friends

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

GAINESVILLE VICTORIOUS.

Local Team Wins by Score of 6 to 0 Over Ocala.

The ball game at the park yesterday between Gainesville and Ocala was fairly well attended, notwithstanding the threatening condition of the weather, and those present enjoyed the game to the fullest extent. After a spirited contest the honors were carried off by Manager Burkham's team, the score being 6 to 0.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

Lands for Settlers.

Washington, June 6.—The house committee on Indian affairs has authorized a favorable report on a bill allowing settlers on 40,000 acres in what is known as Pasture No. 3 of the Kiowa reserve in Oklahoma to purchase the lands on which they have settled at an appraised valuation.

Bertha Claiche Sentenced.

New York, June 6.—Bertha Claiche who pleaded guilty to manslaughter in the first degree for the killing of Emil Gerdrow, was sentenced by Judge Davis to not less than two years and two months, nor more than five years' imprisonment. The maximum penalty is twenty years.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is said devoid of character, far from it. The disposition of the average bald-headed man is to allow such substitute for the welfare of others that he neglects himself. A germ causes baldness. Prof. Rabouraud, of Paris, France, has inoculated a rabbit with Pyogenic germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the microbe and you destroy the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

The State press is almost a unit in favor of the plurality primary. If we have a few more majority primaries the system is doomed.

Owing to the exorbitant price charged by the Electric Light Company many of the business men have installed a new system of lighting.

An exchange says nothing loses a candidate votes in an election so much as the non-payment of his debts to the grocer, clothier, landlord and editor.

The White House is nearly deserted since the berating over the rate bill, as most of the Republican politicians fear they might be included in the Ananias class.

The next Legislature should pass a primary election law which will assure to the counties home rule, and not permit a factional State committee to interfere in county affairs.

There won't be enough Republican leaders free from the fraud taint in some of the Western States to hold the caucuses, if the grand juries don't let up on that land fraud business.

There is one good thing that the Ananias proceedings over the railroad rate legislation has accomplished: Mr. Chandler is now attending strictly to the business of the Spanish Claims Commission.

The Tallahassee True Democrat is one of the "hottest propositions," in a newspaper sense, in the State. It is edited with exceptional ability and hits from the shoulder. When it becomes a daily it will make Rome (the administration) howl.

The Gainesville Gas & Electric Light Company should treat all patrons alike. Is it doing so? Can it truthfully state that each patron is paying the same rate in proportion to electricity and gas consumed? Appearances indicate that some of its patrons still remain on the contract system.

Republican forebodings of future peril to the g. o. p., brought about by the strained relations between the President and the leading members of his party, make the "kid" Republican Congressmen have a lean and hungry look. Their eyes are on the "pork bill."

The Republican partisans in Congress could not resist the temptation to unseat a Democrat, although they have such a large majority, so Mr Wood of St Louis must walk the plank to make way for Mr. Coudrey. These Missouri Republicans are making hay while the sun shines; they expect a stormy time about next November.

The St. Louis Globe-Democrat, an intensely partisan Republican journal, gives all the credit to the Republican party for the railroad rate legislation. But Senator Foraker, who should be good authority, declared that it was a Democratic measure pronounced for in the Democratic national platforms, and that no Republican platform had endorsed it. Mr Bryan took a much fairer view of the matter, when he congratulated President Roosevelt for standing on Democratic ground that his own party was opposed to.

THE PHOSPHATE INDUSTRY.

The Nashville American, discussing the phosphate industry of Tennessee, Florida and South Carolina, and its early extinction by reason of the supply giving out, says:

The phosphate fields of Tennessee, Florida and South Carolina, the product of which form the basis of the fertilizer industry, each has its limitations.

Estimates have been made after careful examinations and surveys, which determine that the life of the phosphate fields as a producer of fertilizing constituent is not more than ten years. It is possible to so increase the production as to shorten this life. Whereupon all the machinery, all the buildings, all the immense investments necessary to carry on this industry will go for naught. The forces will scatter and of necessity seek other fields of labor and imployment, and capital and the wage earner, as usual, lose out on the abandoned industry.

If the phosphate fertilizer business in ever to recoup in part or at all it must do so now. The business bears no likness to any other, nor does the determination of those who control to secure profitable prices at present suggest the existence of an endless or burdening trust for the future. With them it is now or not at all.

Besides, fertilizer is not a necessity. There is no law of man or nature that requires one to use fertilizer. One buys of his own volition. If the price appears burdensome or one thinks the fertilizer man makes too much money, quit buying is the remedy and go to producing one's own fertilizer with less efficiency and greater cost. Then there will be no conception of the violation of the Sherman act.

The litigation meanwhile will be long drawn out, longer likely than the phosphate will last, by which time there then will be no trust nor semblance of a trust to prosecute.

There will no doubt be opposition to the statement that the life of phosphate fields as a producer of fertilizing constituent is not more than ten years. We know not the resources of Tennessee and South Carolina fields, but those in Florida are considered practically inexhaustable. The warning, if true, is seasonable and with the end of the industry there will be abandoned one of the greatest industries for which the three above mentioned States are noted.

DIVERSIFY YOUR CROPS.

Many a Florida farmer remains poor because he insists upon sticking to the one crop idea, whereas he could live in comfort and have money in bank if he would do as many others have set the example for him—diversify his crops. Referring to this important subject The Live Oak Democrat says:

"A Florida farmer down in Bradford county who has discovered that there is more money to be made out of other Florida products than cotton is C. M. McKinney, who has recently harvested 2,300 bushels of fine sweet potatoes from a twelve-acre tract. He sold them in Atlanta for from 65 to 75 cents per bushel. Even at 65 cents, that's $1,495 from twelve acres and his work finished. That same acreage in cotton would bring very much less than half that money and the hard work of making the crop hardly more than begun. The farmer who diversifies is the one who gets rich; the one-crop man, and that crop cotton, stays poor from generation to generation."

From the gloom that endures around the department of justice, it is safe to say that Attorney-General Moody has not yet recovered from that "flabbergasted" feeling which the sudden change of front of President Roosevelt on the rate bill produced on him.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Take Hall's Family Pills for constipation.

The administration is striving with all its might to force through Congress an extremely mild Chinese exclusion law. The Foreign Relations Committee of the House of Representatives, however, has determined not to accept the really important change recommended by President Roosevelt, which was incorporated in the Foster bill, whereby all classes of Chinese, except coolies, would be admitted to the United States. The Democratic position that, as the Chinese do not intend to become citizens, but merely come here to participate of our plenty and return to China with the bulk of their earnings, they are therefore not desirable as competitors to our own people. Their civilization and ours is, at present, too opposite to mix to advantage.

Hon. Frank Adams is the Senator again from Hamilton county and will fight for the repeal of the Buckman bill.—Dade City Star.

Will he, now! Well, he fought mighty hard for the passage of it and for it until he was awakened to the fact that Gainesville got it. Well, Messrs. Buckman and McCreary will be there, too, to take care of him, and Hunt Harris, Dr. Crill and a number of other reliable Senators will be at the roll call; and may be among them they will be able to hold the honorable acrobatic Frank down. He is a fine, good looking and, we believe, honorable business man, but we do not believe he will have everything go just his way.—Tallahassee Democrat.

The Live Oak Democrat says: "Lynching will not be so popular hereafter as it was in Wadesboro, North Carolina. A few nights ago a mob of lynchers attacked the jail, beat the sheriff into insensibility, dragged out a prisoner charged with murder and hung him. But North Carolina has a governor who doesn't believe in the reign of mobs, and sixteen of those lynchers are now under indictment for murder."

IN SUPPORT OF MR. CASON.

J. D. Stringfellow Gives Reasons Why He Should be Elected.

To the Voters of Alachua County:

In The Daily Sun of May 13, and the Weekly of May 14, I published an article favoring Mr. J. H. Cason for county commissioner, and giving very strong reasons therefor. The Board of County Commissioners is to the county what the City Council is to a city. What would Jacksonville, Tampa, Ocala, Live Oak, Gainesville or any other city ever amount to should they elect on their councils men opposed to improving streets, building sidewalks, putting in waterworks, sewerage, etc.?

You have two candidates in District No. 1 to select a commissioner from on the 12th next. One of these candidates has been a member of the board for eight years. His record is before you. In this article I am not allowed to discuss it. The other candidate, Mr. J. H. Cason, being a farmer and business man of LaCrosse, and never having held any county office, is not so well known. Mr. Cason is a successful, up-to-date farmer. He has a nice home. Everything around his place shows progress and prosperity. He does not believe that a road eight to ten inches deep in sand is good enough for us because our fathers had no better.

He knows that Alachua county is able financially to build hard roads as any county in the State. He knows that the people want hard roads, and, like the large majority of the thinking men of the county, he fails to understand how it is that Marion, Lake, Orange and other progressive counties of the State can build hundreds of miles of hard road, while Alachua practically builds none, there being hardly 12 miles in the whole county.

The voters of this county showed on May 15th by the large vote given Mr. Cason how they felt in this matter. The writer has met dozens of voters since May 15th who say they will vote for Mr. Cason on June 12th who did not vote for him before. I have yet to meet a voter who will leave Mr. Cason on June 12, who voted for him on May 15.

There is another very strong reason why you should vote for Mr. J. H. Cason. It is this: In the first primary Mr. Cason's vote was 529, while that of his leading opponent was 498. Had Mr. Chesser not been in the race there is no question but that Mr. Cason would have been declared the nominee. The writer is informed that practically all Mr. Chesser's vote will go to Mr Cason. This, with the additional vote he will surely get, should make his majority not less than 200 votes on June 12. Do not stay away from the polls next Tuesday: you have two of the most important offices of the county to fill. Do not forget that a vote for J. H. Cason is a vote for good roads, for progress and prosperity. Make Mr Cason's majority as great as possible, for the greater his majority the more he will feel that he has the support of the people.

J. D. STRINGFELLOW.

Gainesville, June 6.

When The Kidneys Are Weakened by Over-Work.

Healthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how the entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin using the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as the kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures in the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and pamphlet telling you all about it, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Akers Uses An Ax Upon Family.

McMinnville, Tenn., June 6.—News has reached here that William Akers, a white farmer, living near Troutsdale, Tenn., attacked his wife and daughter and then shot himself in the mouth with a pistol. The wife and daughter are not yet dead. A clubbed ax was used by Akers in his deadly attack. One daughter was away from home and perhaps escaped a similar attack. Akers has been mentally unbalanced for some time.

Swam to Shore with Girl.

Seneca, S. C., June 6.—A. A. Duncan, of Seneca, and Miss Radie Williams, of Return, Oconee county, had a narrow escape from drowning in Snow creek. The horse they were driving became frightened at the rapidly runing running water, upsetting the buggy in midstream. Mr. Duncan saved the young girl by swimming to the shore with her. The horse was drowned and the buggy utterly demolished.

Don't!

Don't let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for coughs, bronchitis, influenza, croup and pulmonary diseases. Buy a bottle and try it. B. B. Laughter, Byhalia, Miss., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best croup and cough medicine I ever used." Sold by W. M. Johnson.

She Was Tired of Living.

Columbus, Miss., June 6.—Mrs. Jennie Wright Lewis, well known here-abouts who had been married to Jas. L. Lewis about two years, committed suicide by taking morphine, while stopping at her father's home, in the northern part of this county. She left a note saying she was despondent and tired of living.

JUDGE ADAMSON FINALLY WINS

He Gets Bill Passed To Improve the Waterways of South.

Washington, June 6.—After working upon the idea for several years Judge Adamson, of the fourth district, succeeded in passing through the house a measure which it is believed will play an important part in the development of the waterways of the south.

This is a general bill under which the owners of shoals suitable for water powers are authorized to construct dams and improve the shoals, the government reserving the right to put in locks when it desires. These, however, are to be constructed in a way that will in no sense operate to destroy the water powers or the dams. It is provided that the government shall have power to determine the character of the dam to be built, so as to make it possible to put in locks later.

It is believed this is the most practical way to provide for the improvement of many of the southern rivers, and that it can be done at a return the cost that would be involved in a general scheme of government locks and dams for navigation purposes only.

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

Women's Pains

"I was a total wreck," writes Mrs. Beulah Rowley, of Champoeg, Oregon, "from pains I had suffered, for 4 years, every month. Sometimes I would be unconscious for 12 hours at a stretch. I did not know that anything could stop the pain entirely, but Wine of Cardui did. I advise all women suffering with painful periods to use Cardui and be relieved."

It does this by regulating the functions and toning up all the Internal female organs to health. It is a pure, specific, reliable, female remedy, with a record of 70 years of success. It has benefited a million others. Why not you? Try it.

THIS RECORD BREAKS RECORD.

Will Cost Greene and Gaynor $7,500 to Transscribe.

Savannah, Ga., June 6.—It will cost Gaynor and Greene over $7,500 to have their writ of error transcribed so that it will be in shape for the circuit court of appeals.

The record is comprised of eight volumes, containing about 25,000 folios. It will cost the defendants at least $3,750 to have this record transcribed by Clerk T. F. Johnson, and it will cost an equally large amount to have it printed and put in shape for the appellate court.

Clerk Johnson has thirty days after the writ of error in which to prepare the record. However, if it cannot be done in that time he may get an extension of the time. There are over 2,500,000 words in it.

Appoint Elkin on State Board.

Atlanta, May 6.—Dr. W. S. Elkin, Jr., of Atlanta, has been appointed by Governor Terrell to succeed Dr. George F. Payne, of Atlanta, as a member of the state board of pharmacy. Dr. Elkin is the president of the Elkin Watson Drug company, of this city, and has for years been identified with the interests of the pharmacists of the state. His appointment is for a term of five years, to commence at the expiration of Dr. Payne's term, Nov. 4. Upon the request of the other four pharmacists whose names were submitted to the governor by the State Pharmaceutical association, this honor was conferred upon Dr. Elkin. Dr. George F. Payne, who retires from the board on Nov. 1, has served the state with signal ability, being the secretary of the board.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Convicts Dash for Liberty.

Birmingham, Ala., June 6.—About 20 convicts working at the hollow ware plant of the Alabama Manufacturing company, at north Alabama, made a desperate dash for liberty Monday, a coal pick having been used to make an opening in the stockade fence. The guards opened fire and a majority of the prisoners halted. Six, however, got away, but marks of blood left on the fence indicate that two of the men were badly wounded. The adjacent woods are now being searched for the wounded men. Three of the escapes are from Mobile.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

SICKNESS IN GAINESVILLE

More Cases of Illness This Spring Than in Former Years.

Physicians and druggists say there are more cases of illness in Gainesville this spring than in former years. Perhaps there is not so much serious sickness, but spring languor, loss of appetite, headaches, weakness and debility, indigestion and other ills that result from indigestion or an overworked stomach, are more common than they have been for some years past.

This has resulted in an unusual demand for Mi-o-na stomach tablets at J. W. McCollum & Co.'s. Before they felt that they could recommend this remedy, they tested it rigidly in many cases of heartburn, indigestion, wind on the stomach, debility, and other troubles that result from a weakened digestion, with the greatest success.

In fact, Mi-o-na has been so uniformly successful in curing all stomach troubles that J. W. McCollum & Co. give a signed guarantee with every 50-cent box to refund the money if it does not cure.

Why suffer with pain when BALLARD'S SNOW LINIMENT WILL CURE

RHEUMATISM, CUTS, OLD SORES, SPRAINS, WOUNDS, STIFF JOINTS, NEURALGIA, SCALDS, ETC.,

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Voters of the Eighth Judicial Circuit:

I am again a candidate for the office of State Attorney, and respectfully solicit your votes on the 12th day of June. I have earnestly endeavored to do my full duty and ably discharge the duties of the office for the past three years. I have practiced law for thirty years. I was four years Solicitor of the Criminal Court of Putnam county, three years State Attorney Eighth Circuit. My fifty years of experience and citizenship enable me to give you a better administration for a second term. I call your attention to the vote declared for state officers by the State Executive Committee: Carlton 1355, Rivers 1201, Fielding 1071. Thanking you for the splendid vote given me, which places me the leading candidate in the recent primary, I am, Very truly yours,

BENJAMIN P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and if the voters of the circuit favor me with the nomination I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

For County Commissioner.

At the earnest solicitation of friends over the district J. H. Cason has consented to make the race for County Commissioner for District No. 1 and his friends ask the support of all Democrats at the coming primary election.

Lochloosa, Fla., April 11, 1906.

Appreciating the ability shown by Mr. John G. Dampier in handling the funds of this county during his administration as County Commissioner, his many friends hereby announce his candidacy for re-election to this important office from District No. 1. Let all Democrats interested in a judicious expenditure of the public monies rally to his support at the approaching primary.

NOTICE OF

PRIMARY - ELECTION

—TO BE HELD IN—

Alachua County, Tuesday, June 12, 1906

—TO—

Nominate Democratic Candidates.

Notice is hereby given that at a regular meeting of the Democratic Executive Committee of Alachua county, held in the City of Gainesville on Wednesday, March 14, 1906, the following preamble and resolutions were adopted:

Whereas, The Democratic State Executive Committee has duly called a primary election to be held in Alachua county on June 12, 1906, and it is the duty of the County Democratic Executive Committee to hold said primary election in each voting precinct of the county, in accordance with the terms of said call for primary election; now, therefore, be it

Resolved, First—The Democratic County Executive Committee for Alachua county, Florida, hereby calls and provides for the holding of a Democratic primary election, to be held in conformity with the terms of the call by the State Democratic Executive Committee issued on the 24th day of February, 1906, said primary election to be held in each voting precinct of Alachua county, on the 12th day of June, 1906, in accordance with such instructions as are given by this committee to the inspectors and clerks of election of said election, agreeable to the terms of the call issued by the Democratic State Executive Committee.

Second—Each elector in the precinct qualified to vote in said primary shall have the right to vote for the following officers and positions:

One State Attorney for the Eighth Circuit,

One County Commissioner for the First District.

Third—This committee will meet in accordance with the call of the State Executive Committee on the 14th day of June, 1906, at the county court house to canvass the returns of said primary election, declare the result and transact such other business as may come before said meeting.

The following rules shall govern the said election:

The general election law shall be observed as near as practicable as to the manner of voting.

All white Democrats who will support the nominees and who were qualified to vote in the first primary, shall be allowed to vote.

The polls shall open at 8 o'clock a. m. and close at sundown.

Immediately after closing polls the inspectors shall canvass the votes publicly, and make out a correct report and certify to same, showing number of votes received by each candidate, and deliver same, together with poll lists and ballots, to the executive committeeman for that precinct, who shall bring same to Gainesville on or before June 14th, and deliver said box and papers to the chairman of the executive committee, to be canvassed by the committee.

All persons voting in this primary obligate themselves to support the nominees thereof.

No tickets shall be used except those furnished by the executive committee.

Each member of the executive committee is required to provide a polling place, and render bill to the committee.

The following persons are hereby appointed inspectors for said election, from which one of their number shall be selected as clerk of election for each polling place:

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with any kidney trouble as being the best remedy we ever sold.

Yours truly,

J. R. Y[illegible]

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.
